

## PRODUCT INFORMATION SUMMARY

### ANTI-Human IFN Gamma

Purified Antibody

Product Number MC200222

250 ug

approx. 100 uL

#### SPECIFICITY:

Human Interferon Gamma.

This monoclonal antibody will Neutralize bioactivity of human IFN Gamma.

**SOURCE:** Murine ascites fluid. Mouse IgG1

#### RESEARCH APPLICATIONS:

Neutralization of IFN Gamma

Biochemical identification by Western blot analysis of IFN Gamma in body fluids and tissue culture medium.

Development of quantitative immunoassays, immunoprecipitation

**Immunohistochemical Staining** may be achieved.

#### HANDLING AND STORAGE:

Provided as preservative-free semi-frozen liquid, high concentration of antibody. Aliquots of purified monoclonal antibody **should be stored frozen** or at 4° C with the addition of preservative. Avoid more than one freeze - thaw cycle. Dilutions should be made in PBS or other stabilizing buffer containing BSA or gelatin (0.2%) as suitable for particular application.

#### WARRANTY:

Products sold hereunder are warranted only to conform to the quantity and contents stated on the label at the time of delivery to the customer. There are no warranties, expressed or implied, which extend beyond the description on the label of the product.

**RESEARCH USE ONLY**
