

Native Human S100b

| | | | |
|---------------------------------|---|------------------|--------|
| Catalog No. | CSI14709 | Quantity: | 100 µg |
| Alternate Names: | S100 calcium binding protein B, NEF, S100, S100beta | | |
| Description: | Native Human S100b is an acidic calcium binding protein. | | |
| GeneID: | 6285 | | |
| Protein Accession No: | NP_006263 | | |
| Source: | Human Brain | | |
| Molecular Weight: | 21.0 kDa | | |
| Formulation: | Lyophilized from 5 mM Tris-HCl, pH 7.5 + 5 mM 2-mercaptoethanol + 5 mM EDTA | | |
| Purity: | > 98% | | |
| Reconstitution: | Centrifuge vial prior to opening. Reconstitute in 5 mM 2-mercaptoethanol. | | |
| Storage & Stability: | Store at -20°C. Avoid repeated freeze-thaw cycles. | | |
| Biohazard: | Tested negative for HBsAg, HCV, Syphilis and anti-HIV 1 & 2 using certified test methods. | | |
| Contaminants: | None detected | | |

NOT FOR HUMAN USE. FOR RESEARCH ONLY. NOT FOR DIAGNOSTIC OR THERAPEUTIC USE.
