Nicotinamide N-Methyltransferase (NNMT) Antibody

Catalogue No.: abx005116

Western blot analysis of extracts of various cell lines, using NNMT antibody (abx005116) at 1/1000 dilution.

Immunohistochemistry of paraffin-embedded mouse spinal cord using NNMT antibody (abx005116) at dilution of 1/100 (40x lens).

Immunohistochemistry of paraffin-embedded mouse brain using NNMT antibody (abx005116) at dilution of 1/100 (40x lens).

NNMT Antibody is a Rabbit Polyclonal antibody against NNMT. N-methylation is one method by which drug and other xenobiotic compounds are metabolized by the liver. This gene encodes the protein responsible for this enzymatic activity which uses S-adenosyl methionine as the methyl donor.

Target: NNMT

Reactivity: Human, Mouse, Rat

Host: Rabbit

Clonality: Polyclonal

Tested Applications: WB, IHC

Recommended dilutions: WB: 1/500 - 1/2000, IHC: 1/50 - 1/200. Optimal dilutions/concentrations should be determined by the end user.

Immunogen:	Recombinant protein of human NNMT.
Purification:	Affinity purified.
Form:	Liquid
Isotype:	IgG
Conjugation:	Unconjugated
Storage:	Aliquot and store at -20 °C. Avoid repeated freeze/thaw cycles.
Molecular Weight:	Calculated MW: 29 kDa Observed MW: 30 kDa
Swiss Prot:	P40261
GeneID:	4837
Gene Symbol:	NNMT
Concentration:	> 1 mg/ml
Buffer:	PBS, pH 7.3, 0.02% sodium azide, 50% glycerol.
Note:	This product is for research use only.
