Single-Luciferase Reporter Assay Kit

Catalogue No.: abx098133

Firefly luciferase has been widely used as a reporter for studying gene regulation and function in mammalian cells and tissues due to its sensitivity and the absence of endogeneous luciferase activity in mammalian cells.

Target: Single-Luciferase Reporter Assay Kit

Storage: Store at -20°C. Stable for 12 months from date of receipt.

Note: This product is for research use only. This product is shipped with dry ice.
