

Der P1 Protein

Catalogue No.: abx260104

Der-1 is a recombinant protein from Dermatophagoides pteronyssinus expressed in E. coli.

Target:	Der-1
Host:	E. coli
Purity:	> 95% (10% PAGE with coomassie staining)
Purification:	Purified by proprietary chromatographic techniques.
Form:	Liquid
Conjugation:	Unconjugated
Storage:	Stable at 4 °C for up to one week. Store below -18 °C. Avoid repeated freeze/thaw cycles.
Expression:	Recombinant
Molecular Weight:	34.5 kDa
Swiss Prot:	P08176
Sequence Fragment:	20-320 AA.
