

## Product DataSheet

### Anti-HEL Human IgG4 (S228P)-Lambda1 Isotype control

Catalog #: B669701

*This product is for research use only and is not intended for diagnostic use.*

### Product Overview Lot Specific Information

Volume: Lot Specific\*

Product Concentration: Lot Specific\*

Total Quality: Lot Specific\*

*Indicates that this detail will be noted on the certificate of analysis that ships along with this product.*

### Product Information

**Target** :/

**Clone**:/

**Isotype**:

**Recommend Isotype Controls**:/

**Expression System**: CHO

**Purity**: > 95% as determined by SDS-PAGE

**Endotoxin**: <1EU/mg, determined by LAL gel clotting assay

**Antigen**: Hen egg Lysozyme

**Sterility**: 0.2 µM filtered

**Formulation**:PBS, pH 7.4, contains no stabilizers or preservatives

**Recommended Dilution Buffer**: ABDB-1002 or PBS, pH 7.4, Contains no stabilizers or preservatives.

**Storage**: 2 weeks, 2-8°C under sterile conditions after reconstitution. Avoid repeated freeze-thaw. -80°C for a long-term storage.

**Protocol Information**: Since applications vary, each investigator should use the application references as a guide to help estimate the appropriate dose or concentration. The dose or concentration can be further optimized experimentally in a dose response or titration experiment.
