

# Rabbit Anti-*S. pneumoniae* CWPS monoclonal antibody (CABT-RM010)

This product is for research use only and is not intended for diagnostic use.

## PRODUCT INFORMATION

<b>Target</b>	CWPS
<b>Isotype</b>	IgG1
<b>Source/Host</b>	Rabbit
<b>Species Reactivity</b>	<i>S. pneumoniae</i>
<b>Clone</b>	1505
<b>Purification</b>	protein A chromatography
<b>Conjugate</b>	Unconjugated
<b>Applications</b>	ELISA, IF, LF
<b>Format</b>	Liquid
<b>Concentration</b>	100 µg/ml
<b>Size</b>	100 µg
<b>Buffer</b>	0.01 M phosphate buffered saline, pH 7.2 and contains 0.1% sodium azide
<b>Storage</b>	Store at 2-8°C until ready for use. Avoid repeated freeze-thawing by storing multiple aliquots at -20°C.

## BACKGROUND

**Introduction** CWPS can be detected in the urine of patients with pneumonia caused by *Streptococcus*

pneumoniae.
